

## ADVERTISING IN POSTCROSSING

Thank you for your interest in advertising with us!

The Postcrossing Project is a large online community around the exchange of postcards, and it reaches over **200 different countries** around the world. Our website has over **300,000 unique visitors** and **18 million page views** every month.

Our community is always growing, but some demographics remain constant: our members have a passion for **all things mail** and are interested in **stationery, crafts** and **collecting**.

With an 80% female predominance, this also makes Postcrossing a great audience for products that women enjoy.

For an up-to-date overview of the geographic distribution of our members, please visit our [user statistics](#) as well as the [countries](#) pages.

## ABOUT ADVERTISING IN POSTCROSSING

Postcrossing prefers to advertise products and services that are of interest to our community. If you have something that can attract our members, then you are in the right place!

We always provide our advertisers **custom quotes** for our advertising campaigns. [Tell us](#) what makes your product or service great and to whom you would like to show it to, and we will send you a (free) quote with details for you to advertise in Postcrossing.

We are able to **target** the banner advertisement campaigns by **country, language spoken**, and/or **computer/browser settings** (e.g., version, OS, bandwidth).

## AVAILABLE BANNER PLACEMENTS

There are two available Ad Placements for your banners: one on the main [Postcrossing website](#) and one in our [Forum](#). You may choose one of these Ad Placements, or a combination of them.

Banner size	Ad Placement
<b>300x250</b> - Medium rectangle (300 pixels wide by 250 pixels tall)	Shown on most pages of the <a href="#">Postcrossing website</a> , above the fold.
<b>728x90</b> - Leaderboard (728 pixels wide by 90 pixels tall) <b>320x50</b> - Smartphone Banner (320 pixels wide by 50 pixels tall)	Shown on most pages of the <a href="#">Postcrossing forum</a> .

At least one banner image file must be provided for each position chosen. However, you may provide more than one image for the same Ad Placement, and we will automatically rotate them. Our system will automatically show more often the ones that are clicked more frequently to maximize the efficiency of your campaign.
